I noticed that too. What is your recommendation? I would think we should take advantage of this opportunity to do a UIC update? But maybe the TEDS just want to hear from NRC? I will ask and let you know what I find out. But please share your thoughts. Thanks.

Sadie: will we need to prepare a UIC update on Dewey Burdock or will we defer to the USNRC speaker noted on the draft agenda?

Hello RLT Members,

Please find attached the Draft Final Regional Operations Committee (ROC) agenda for the annual Spring ROC meeting. The Spring ROC will be held in the EPA Conference Center the week of April 1, 2013.

As you will note, the bulk of the ROC meeting will occur April 2-4, 2013. This meeting will be held in tandem with the Tribal Water Quality Workshop and Training. For questions related to the water quality meeting, please contact Randy Brown.

Please review the ROC agenda and should you have comments or questions please direct them to me.

Thank you for your attention to this information.

Sam
